Data Saves Lives

Launching Staff Survey this week to identify key benefits
St Helen's and Knowsley

Resource Sustainability – baselining admin time spent on information gathering using tailor-made survey analysing how released time can be repurposed in Maternity services

Liverpool Women's Hospital

Benefits toolkit and requirements established with benefits lead. Looking to incorporate baselining measures during onboarding process

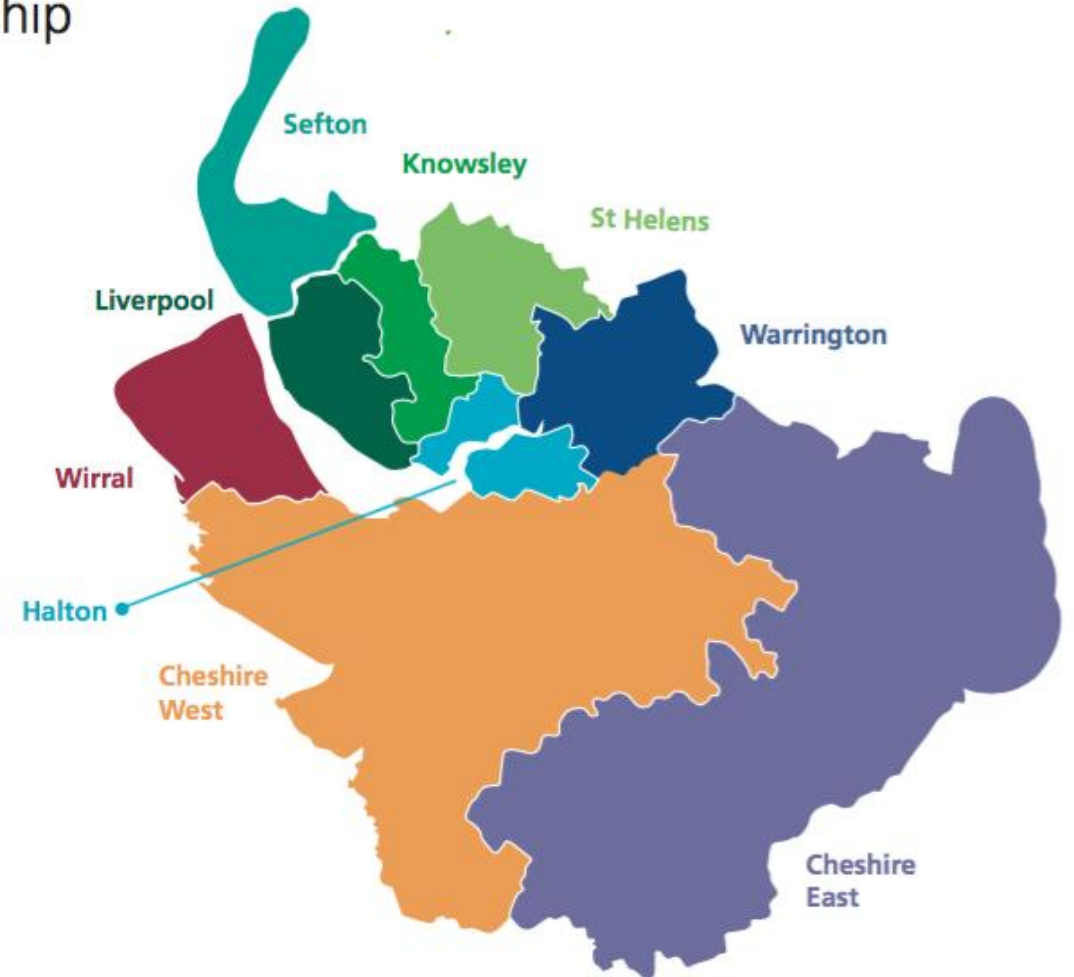

Cheshire Care Record

Using Audit to target biggest users of e-Xchange to identify benefits

Merseycare & NW Boroughs

Congratulation to our 1st organisation on successfully submitting their Benefits Analysis Realisation Tool (BART) and completing the S2C Benefits toolkit! Their targeted benefit of Improved Quality of Care for patients in Ophthalmology is being reviewed and will be submitted as part of our Q4 NHSx submission
Warrington & Halton

Cheshire and Merseyside Health and Care Partnership

Share2Care

Data Saves Lives

EPaCCS

- Exploring benefits in relation to reduction in hospital admissions and ambulance journeys
- Innovation Agency invited Share2Care to look at benefits as part of a potential research project

Lancashire and South Cumbria

Unified Medicine Management Project

- Identifying benefits due to structured data of prescribing records
- Reducing risk of transcription errors, enabling faster updating of GP records and Secondary Care EPMA systems

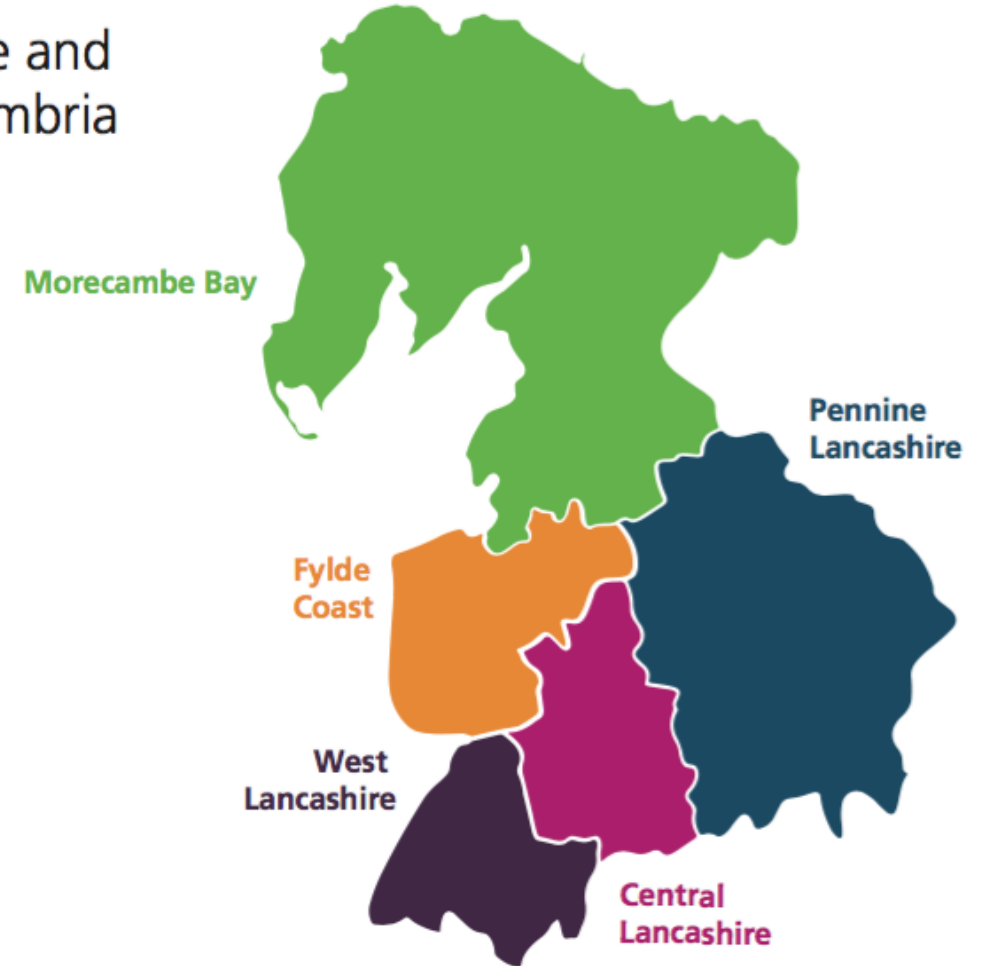

East Lancashire Hospitals NHS Trust Pharmacy Department

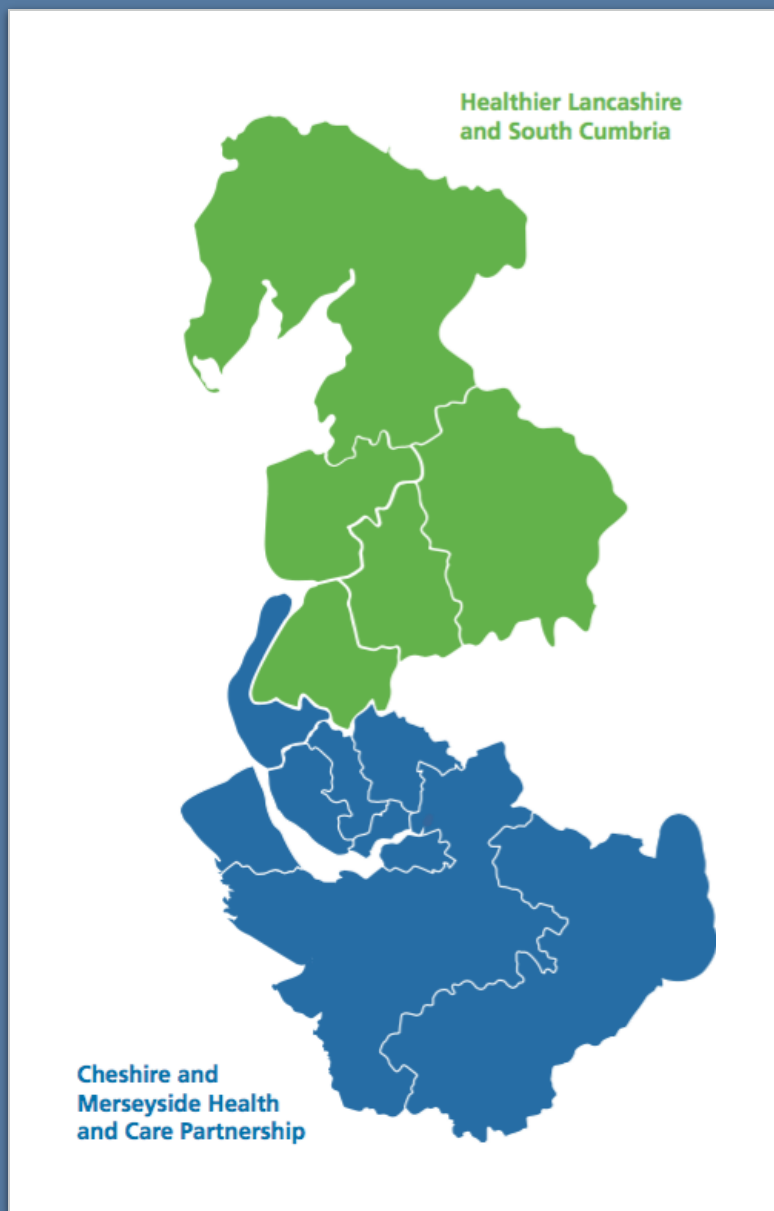

Launched LPRES Staff Survey - Key Themes:

- Accessible Information – especially GP & other Trusts
- Clinical Decision Making
- Saves Time
- Accessible Medication/Prescribing
- Patient Experience

Lancashire and South Cumbria

Healthier Lancashire and South Cumbria

Documents Published

Total number of documents available to support patient care and our clinicians delivering that care

- LPRES (31-01-21) = **5,234,942**
- e-Xchange (15-02 21) = **3,014,529**

Data Saves Lives

Share2Care LPRES Staff Survey

"Being able to see information from other Trust's when we have not been copied into letters.

Information in medicine is the key to all appropriate medical care.

This service has revolutionised my ability to deliver prompt appropriate care and has saved vast amounts of my, my secretaries and primary care time."

Consultant, Cardiology, University Hospitals Morecambe Bay
